

EDAD 539: Educational Leadership Seminar Series (2009-2010)

One of the required courses for principal certification is EDAD 539 – *Educational Leadership*. This course is delivered through a series of five seminars during your internship year. You will attend these seminars throughout the year; however, you won't register for them as a course (EDAD 539) until Spring Quarter 2010. Because this course is a requirement of the program, attendance at each seminar in the sequence is mandatory. Objectives of EDAD 539 include discovering your leadership assets and growth areas, developing your Personal Professional Portfolio, and exploring the job search process.

For seminars 2, 3 & 4, you may attend the session most convenient for you.

Seminar	Date	Location	Time
